My favorites are the small monsters the fight against as they are always a good test of your skill. My favorite weapons are the current one which is always powerful but fun, the ultimate in which is always cool but the ultimate in this is the boss chests that contain chests with great weapons to be bought and equipped. The best part is that these chests can be opened by obtaining a certain amount of gold. Every chest has different type of weapons in it." Click to expand... **FIGHTING. SYSTEM.
