

Circuit Wizard 1.15 [full |LINK| Version]

Circuit Wizard software update 1.50. The following software update is for existing Circuit Wizard Education Edition (version 1) users only. When your Circuit Wizard Education Edition license expires, you will switch to Circuit Wizard Education Edition, and all your settings will be saved. To enter the program, select "Programs" at "Circuit Wizard Education Edition Program". In the dialog box that appears, enter the code you received when you purchased Circuit Wizard Education Edition, then click "OK".
